

# CENTENARY LAKES REVAMP

## RECREATION AND SPORT AREAS

FACT SHEET - MAY 2022

### Council is making plans to Revamp Centenary Lakes!

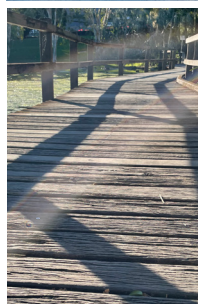

Our vision is a vibrant, active parkland that draws people in and is once again, a destination for Caboolture. The Centenary Lakes Revamp will create new opportunities to enjoy the park in different ways. Our parks are for everyone, so we will improve access and facilities so everyone can enjoy Centenary Lakes. We also need to protect and improve the beautiful parkland and riverside environments that we all love.

### A park for a growing community

Our community's needs have changed since the park was built in the 1970s, and recent flood damage has highlighted the need to make the park facilities more resilient. The revamp will include:

- ✓ New or improved active transport links, like footpaths and bikeways
- ✓ Improved car parking and road safety, including new pedestrian crossings
- ✓ Making the whole park more accessible for people of all abilities
- ✓ New or improved playgrounds, open spaces and bookable spaces
- ✓ Upgrades to sport and recreation facilities
- ✓ Improvements to buildings and facilities so they can better withstand flood inundation.

Some sports need room to expand, while other facilities are rarely used. Council is consulting sports clubs to identify their current and projected future demand and membership rates. Some sports may need to relocate within the parklands while others may need to move to other flood resilient facilities with more space to accommodate future growth.

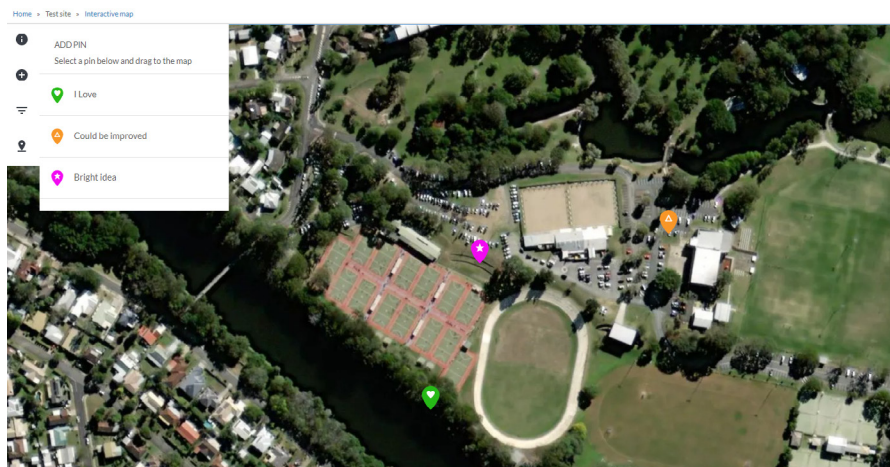

### Tell us what's hot and what's not

The first step is to create a long term vision, or Master Plan, for the park. It may take around 30 years to fully deliver the plan - which is typical of master plans - because Council wants to get the plan right for everybody.

You can help Council create the Centenary Lakes Master Plan by having your say on our interactive map. Tell us what you love, what could be improved, and your bright ideas for the future of the park.

Register for project updates to stay in the loop.

under the age of 14

“ Centenary Lakes is  
a great attraction. They  
are a beautiful area  
to exercise. - Resident ”

“ Sporting facilities  
need to be large  
enough to cater for  
participants within the  
region to encourage  
more families  
to join in. ”  
- Resident

SAYS**

#### Top rated values

Caboolture rated both the importance of family friendly activities and the importance of Council providing sport and recreation opportunities higher than the rest of the Region
