

# KALLANGUR-DAKABIN NEIGHBOURHOOD PLAN

## RELATED PROJECTS INFORMATION SHEET

OCTOBER 2021

In developing a Neighbourhood Plan for the Kallangur-Dakabin area, Council is aiming to better guide growth and development while considering the things that make this neighbourhood unique.

The neighbourhood planning process is part of a broader suite of potential planning responses to community and development issues. Planning matters that require a consistent approach across the region will be considered through topic specific projects such as the Next Generation Neighbourhood Precinct review. There are also a number of other Council projects that will seek to address some of your concerns such as the Old Gympie Road upgrade project.

The tables below outlines some of the key themes that emerged during the first round of consultation in relation to things you want changed or improved and other Council projects that relate to them (as at October 2021). While some of the projects below may be best suited to address some of the feedback received, we will continue to consider what you told us as the Kallangur-Dakabin Neighbourhood Plan project progresses.

For more information on the projects listed below or to contact the project team, please refer to the relevant project webpage.

To receive updates as projects progress and as new projects occur register at [Your Say Moreton Bay](#).
